Don't feel the need to respond to questions or issues raised here. We asked Weston for an independent technical evaluation to aid our approval of the selected sub-contract.

Hi Steve, Matt, Craig, and Joyel,

See the review comments from Weston's tech review of the proposals below, I have included a rough spreadsheet with some ratings to back up the notes.

Weston Bid Evaluation Notes

CBI/Ex. 4

Thank You,

Elliott

Subject: HDPE - GK Mine discharge conveyance Proposal Review

Matt,

As follow up to the ongoing review of the proposals received for the HDPE pipe from Gold King Mine to Gladstone, START is conducting a complete review of the proposed designs and pipe specifications. However, ERRS (ER, LLC) must also provide a full review and recommendation based on technical completeness/adequacy and cost, and provide that recommendation to the OSC.

The goal is to complete this review and respond to the bidders by Friday, September 4. We have approval and anticipated funding to proceed with this task.

Please confirm your plans to provide this as discussed.

Thanks,

Steve
